
Wausau Trestleboard

December 2014

“Many writers and thinkers have tried to define Freemasonry but it really defeats definition. It is too complex, too profound in conception, to easily express in words. Perhaps the simplest and best definition of all is the phrase "the brotherhood of man under the fatherhood of God." Our Masonic forefathers had an understanding of human needs and human aspirations. They may never have dreamed of the mindless computer which governs our lives, or the fission of matter which threatens our lives, but they understood human nature and what motivates the spirit of man. Thus from a simple process of using stone and mortar for building they progressed to the most important of life's functions, the building of character.”

-Louis L. Williams

Forest Lodge No. 130, F & A.M.
